Enigmatis 3: The Shadow of Karkhala is the finale of the highly acclaimed series developed by the Polish studio that takes the player to Karakorum – full of mystic temples, mysterious caves, picturesque villages, and inaccessible mountains brimming with wildlife.

In the aftermath of the dramatic events in Ravenwood Park, the detectives return to Maple Creek in the hope of finding clues that will help to establish the whereabouts of the demonic Preacher. Thanks to their cunning and relentlessness, they discover the final destination of their nemesis: among inaccessible mountains at the end of the world, in an ancient monastery clinging to the upper reaches of a snow-covered mountain, lies the secret that might help him seize control of the world!

Time is of the essence. Drawn into the struggle between the forces of light and darkness, the detectives will need to double their efforts to unravel the secret of the mysterious Karakorum temple and deal with the Preacher once and for all. What lurks in the ancient monastery? What grim secrets have brought the Preacher there and what is his purpose? Will the protagonists be able to stop him now that he's more powerful than ever?

Enigmatis 3 will be available on Steam with a 40% discount for a limited time.
